

## AWALAN WASHING DETERGENTS

### 480 Basic Laundry Detergent, liquid Concentrate

dermatologically approved, without optical brighteners and enzymes, well dissolving & cleaning even at 30 dC !

Use: Preferred use is washing in the energy-saving and fabric-protecting low-temperature range from 30 to 60 dC. Owing to the use of pure potash and plant-origin soaps, the laundry remains pleasantly soft. Pumping dispenser available.

2.00 L € 15.70 5.00 L € 36.70  
2.00 L refill € 14.50

### 481 Basic Washing Powder, for 60-95°C with plant origin soaps & washing minerals; no optical brighteners and enzymes.

Use: Preferred use is for washing temperatures above 60°C. Particularly suitable for more heavily soiled laundry.

4.00 kg € 24.40

**482 Softener Component** for water softening, improves the washing result. Use: Add to the Basic Laundry Detergent and Basic Washing Powder. As the constituents of the softener component also support the washing effect of the basic washing products, its use is always advantageous, even with soft water.

0.75 kg € 10.90

### 483 Bleaching Component - without borates -

Use: Add to Basic Laundry Detergent and Basic Washing Powder for removal of stubborn stains. It acts on all organic stains through the bleaching power of active oxygen. Also suitable for use as a bleaching additive for white laundry.

0.35 kg € 8.50

### 485 Stain Removing Bile Soap, liquid

Use: For the pre-treatment of particularly stubborn, greasy and proteinaceous stains. When treating particularly delicate fabrics, test first for colour-fastness on a hidden area.

0.50 L € 14.60

### 486 Wool Wash gentle on fabrics and colours - also for silk

Use: Liquid wool detergent for hand and machine washing up to 30°C. Designed to be particularly gentle on fabrics, can also be used to a certain degree on silk. Pumping dispensers available.

0.50 L € 8.50 2.00 L (last stock) € 19.90

### 487 Sheepskin Detergent for cleaning washable sheepskin

Use: Suitable for hand washing and machine washing of chrome-regulan and regulan-tanned sheepskins. Less suitable for sheepskins tanned with vegetable tans. Machine wash: use the wool program.

0.25 L € 9.70

#### Accessories:

497/01 Dosing Dispenser for 480:	25 - 125 ml	€ 1.00
497/03 Pumping Dispenser	for 0.5 L cont.	€ 2.40
	for 2.0 L & 5.0 L cont.	€ 5.20
